The Week's News

KIDNAPPERS TAKE LINDBERGH MONEY—BARE NOT RETURNED

ONE FOR MACKINTOSH

John Mackintosh, Independent member for Bow Valley, secured his first victory in the provincial election when he succeeded in having passed an amendment to the department of horses running at large throughout the irrigation block.

Mr. Mackintosh is to be congratulated on his victory.

Settlers in the irrigation block will benefit by the amendment.

A TAX ON TALK

Announcement by the federal government that a tax would be levied on long distance telephone calls has aroused the protest of the Alberta provincial government.

Alberta owes her own telephone system, and at present the department is having a difficult time of it trying to keep up with its expenses.

It is feared by the provincial government that the tax on telephone calls will result in the use of telephones for long distance calls, and so reduce the revenue collected by this department.

The provincial government can hardly be blamed for protesting against the telephone tax. It is a provincial utility which must suffer through the new federal tax.

THE BEER PETITION

Sponsors of the petition to close the beer rooms in Alberta are doubtless disappointed that the petition did not receive the support they expected of it.

In treating it as an ordinary petition, and not under the Direct Legislation Act, the legislature acted wisely. Irregularities in the petition and charges that many people did not know what it was all about, have cast a doubt on its value.

We can believe from the number of signatures on the petition that a certain element in the province is in favor of closing the beer rooms, but such a step should be taken until a plebiscite of the electors has been taken and found to favor it.

It is a requisite of the will of the people, expressed on the ballot paper, is most desirable before the legislature takes action.

A NEW CALENDAR

It seems quite certain that a new calendar will be adopted throughout the world before many more years have passed.

As the public brains of the advantages and simplicity of a new calendar are being developed, it will be only a matter of a few years before it is adopted.

It seems desirable to equalize the number of working days in the months, in the quarters and in the half years. Also it seems desirable in our ordinary life that the lengths of the months be more regular, and that the calendar be perpetual; that is, that the months all begin on the same day of the week and also that the calendar data always falls on the same day of the week.

Mr. Cotworth, a Canadian, is sponsor of a new calendar containing 31 months of 28 days each. The new month would be called Sol, and would be inserted between June and July. The calendar year would contain 364 days, and the 365th day following Dec. 28, would be a universal holiday, and in leap year another universal holiday would be inserted near the middle of the year.

Opposition to the thirteen month calendar was voiced at the League of Nations discussions on calendar reform. The fact that 12 is integrally divisible into halves or quarters for commercial accounting facilitates adjustment to the calendar. Extra labor cost in the use of such a calendar would be an additional expense in accounting, and preparing monthly statements.

Another suggestion for a new calendar would retain twelve months having three identical quarters, each quarter having three months of 31, 30, 30 days respectively. January first would be on Sunday. February would start on Wednesday, and March would begin on Friday and end on Saturday. Then April, May and June would repeat January, February and March, and likewise the two quarters, July, August, September, and October, November, December.

This would take care of 364 days. The 365th day would be an international holiday following December 30th, and would not have any week-day name. Then, yearly, in leap year, an extra holiday, not to count as any week day, would be put in, probably after the 30th.

This calendar is very simple. It contains the same number of months as the calendar now in use; it is perpetual; every month has exactly 36 working days; the quarters are exactly equal; the half years are likewise; and, moreover, no days in the present calendar would be shifted more than one or two days either way by the introduction of this plan.

This calendar could be introduced in 1933 or 1934 without any disturbance of the calendar since those years begin on Sunday.

The calendar has changed three times. Another time was the time Christ, when a lunar calendar was used. Since then it has been a solar, and it seems likely to be brought about soon. It is not in 1932, then in 1932.

It is estimated that there are approximately 200,000 readers in Alaska.

CHINA ASKS AID FROM LEAGUE OF NATIONS

SHANGHAI, April 11.—China has turned over to the League of Nations the Japanese troops from the Shanghai area, and has asked the League to help the Japanese have them removed.

The Japanese are apparently "hopeless," he said, "but maybe the League can help. The Japanese have withdrawn, and if they persist in this view the conference is doomed to fail."

SECOND WHEAT POOL, CHINESE ARE ARRIVING

WINNIPEG, April 11.—Wheat Pool farmers in Manitoba, Saskatchewan and Alberta today are receiving cheques totaling approximately \$200,000 as the second payment on what sold through pool.

The three provinces, farmers of Alberta were receiving the larger amount because of the heavier sales of wheat through the Wheat Pool facilities. The Alberta payment was \$100,000.

The initial payment of \$50,000 of the cheques were received by farmers today while others will arrive during the next few days.

Payments in Saskatchewan totaled approximately \$100,000, and in Manitoba approximately \$100,000, and in the United States \$100,000.

The payments constitute the second interim payment of 10 cents a bushel on the 1931-32 crop year, and are authorized by the Wheat Pool Act.

The initial payment of 25 cents a bushel, based on No. 1 Northern at Vancouver.

HIMENBERG ELECTED GERMAN PRESIDENT

BERLIN, April 14.—A grateful German nation, casting well above 100,000 votes for him, today declared that the venerable President Paul von Hindenburg was elected to a second term of office.

Adolf Hitler, his Fascist opponent of the National Socialist party in the Reichstag, lost his seat.

Hitler, who had been elected to the Reichstag in 1930, lost his seat in the election, marked by minor fights, in which one man was killed, another seriously injured, and a number were wounded, were announced by the news.

Hitler, Hindenburg, Non-partisan, 1932, 1936; Hitler, National Socialist, 1932, 1936; Thaelmann, Communist, 1932, 1936.

CANADA'S COST OF HANDLING CANADIAN WHEAT BOXES

OTTAWA, April 8.—The cost of administering the wheat bonus of five cents a bushel, approved in 1927, is \$107,000, H. H. Stevens, minister of finance and commerce, told the House of Commons today.

Stevens said the cost of the wheat bonus was \$107,000, or 10.7 cents a bushel, for the year ended March 31, 1932.

More than three million cheques had to be mailed out to the farmers receiving the bonus, he said. The bonus was more than \$11,000,000 last year.

DOMINION CROP REPORT SHOWS BRIGHT OUTLOOK

OTTAWA, April 12.—In general, Canada's crop prospects are bright, compared with a year ago, says a report from the Dominion Bureau of Statistics this afternoon.

Eastern Canada and British Columbia report adequate current and reserve moisture and livestock conditions. The outlook in the prairie provinces says the report, is encouraging, with ample water precipitation and reserve moisture in northern areas.

Reports from western Canada, the report adds, indicate a better outlook than at the same time last year.

CANADIAN POPULATION

Canada's population in 1931 was placed at 10,574,196 according to the last census report of the Dominion Bureau of Statistics. Ten years previous the population was 8,787,949.

British Columbia had the highest percentage increase in the decade, 23.5, followed by Alberta with 24.3, Quebec 21.7, and Saskatchewan 21.6.

Increased population was reported Prince Edward Island, Nova Scotia, and the Northwest Territories.

ASSIGNMENT IS MADE BY ELANOR-ALBERTA

Assignment in bankruptcy of New Illinois-Alberta, Limited, oil company operating in Turner Valley, was made Tuesday.

Canadian Credit Men's Trust Association, appointed custodian, said the amount available for distribution to creditors would be negligible with shareholders unlikely to receive anything. Liabilities were placed in an early claim at \$25,000. Shareholders are cited in Alberta and British Columbia.

Best grain is found in nearly all countries and climates.

TORONTO WINS WORLD HOCKEY CHAMPIONSHIP

TORONTO, April 10.—Youngest team in major professional hockey, Toronto Maple Leafs are holders of the Stanley Cup, having defeated the New York Rangers 4-1.

The Leafs won the Stanley Cup in the third match of the best of five series for the age group. It was the first time the world title had been won in three straight games.

It was the first time the Leafs won the Stanley Cup in three straight games. The Leafs won the Stanley Cup in three straight games.

The Leafs won the Stanley Cup in three straight games. The Leafs won the Stanley Cup in three straight games.

SUSPECT WHEAT FROM UNITED STATES IS GOING TO RUSSIA

VANCOUVER, April 11.—United States Farm Board wheat and flour, sold to China at a low price on long terms for famine relief, may be diverted to Russia, grain men of Vancouver believe, following a report from Shanghai that China has sold 10,000 tons of wheat and 10,000 tons of flour to the Soviet Union.

The relief grain was sold last year to China on long terms for famine relief, and the last parcels left Shanghai and Tacoma in chartered ships only recently.

The relief grain was sold last year to China on long terms for famine relief, and the last parcels left Shanghai and Tacoma in chartered ships only recently.

The relief grain was sold last year to China on long terms for famine relief, and the last parcels left Shanghai and Tacoma in chartered ships only recently.

Hudson's Bay Company SUFFERS HEAVY LOSSES

LONDON, April 12.—A trading loss of £200,000 for the year ending March 31, 1932, is reported by the Hudson's Bay Company.

The company's trading loss for the year ending March 31, 1932, is reported by the Hudson's Bay Company.

Here is the second in area and the most populous of the cantons in Switzerland.

ARROWWOOD SERVICE FOR MAIL

ARROWWOOD, April 8.—A daily mail service is being sought by the citizens of Arrowwood and district.

A subscription list of those who would be willing to pay \$5 a year to fund the cost of the service was signed by 21 persons at a recent meeting to discuss the whole mail question.

IMPROVEMENTS BEING MADE AT RAYMOND SUGAR FACTORY

RAYMOND, Alta.—A number of changes and improvements are not being made in the sugar refinery here, representing a total expenditure of about \$250,000.

NEW STORY IS NOW STARTING

"Man Made the Town," by Ruby M. Ayres, is the name of our new story starting in this week's issue of The Mail. It is an entrancing tale of love, action, and romance.

Read about Diana Gladwyn, the beautiful English society girl, young Dr. Hathorne, Dennis, and the mysterious Rosalie woman. What was the doctor's secret?

He was the greatest man in the world, young Dr. Hathorne. At least, lovely Diana Gladwyn thought so, as soon as she got over the shock of his killing her to the country for a rest from the social round. No, of course, that she was in love with him. She was in love with Dennis, dear, fascinating, selfish Dennis, who had married the wrong girl.

But Dr. Hathorne was "like a strong harbor," and he wasn't like the other men she knew. That was why she sought her attention. That was why she was desperately interested in discovering what Rosalie the mysterious red-headed woman, meant to him.

Diana was to find it out at last—that and many other things she hadn't expected, including the ways of true love.

Read this delightful story starting in The Mail today.

JOE TANGUAY MOVING TO NORTH ALBERTA

Joe Tanguay, Rosemary farmer for the past fifteen years, has sold out and is moving to Legal, about 25 miles northwest of Edmonton, where he will take up his trade again as a baker.

Births

A son was born to Mr. and Mrs. Tupper, of Cassella, on Wednesday, April 13, at the Barrano Hospital.

A daughter was born to Mr. and Mrs. J. Brown, of Rosemary, on Wednesday, April 13, at the local hospital.

CARD OF THANKS

We wish to express our appreciation for the neighborly kindness and helpfulness shown by the people of Rosemary, and also Coonville and Hutton, on the eve of our departure for northern Alberta. We will appreciate a visit from any of our friends in our new home at Legal.

Mr. and Mrs. J. Tanguay.

You will want a long time for an advantage if you wait for some one to give it to you.

LOCAL NOTES

Mrs. Jack Hood returned home on Sunday after spending a week in Calgary visiting with relatives.

W. J. S. White, of the Royal Bank staff, has been transferred to the Hillhurst branch in Calgary.

Mr. and Mrs. Robarge of the Hutton district, have moved on the Bulger farm west of Barrano.

Dr. B. E. Barlow was a business visitor in Medicine Hat early this week.

G. M. Blackstock, S. T. Fawcett, Robt. Calder, Mr. Parrish and Mr. Yoe, of Medicine Hat, attended the hockey game west of Barrano.

A. M. No. 45, last Tuesday evening. Mr. Archibald, of Brooks, also attended.

Mrs. Florence Smith, who recently underwent an operation for appendicitis, is back on duty in the Royal Bank.

A. A. Cliffland, E. J. Bell, and P. H. Reeves, of Hinton, attended the Masonic Lodge meeting in Barrano last Tuesday evening.

Mrs. Kemp and Mr. Larson, of Hutton, were visitors in Barrano last Sunday.

Hugh Brown motored down from Hinton last Sunday.

Jim Henry, who spent the winter in Robshaw, Scotland, returned to Barrano last Friday.

Bill Greenwood is back in Barrano after spending the winter in Vancouver.

Mr. and Mrs. W. S. Weir and children are moving back to Barrano about the first of May. At present they are residing in Calgary.

Mr. Weir comes back here as chief mechanic in Roy Smith's garage.

Large audiences saw both programs of "Hello Angels" played in the Orpheum Theatre Friday and Saturday last week.

Barton Ford motored to Calgary last Saturday, returning with his parents on Tuesday. Mrs. Ford has been spending a few days visiting in Lethbridge with Mr. and Mrs. E. E. Beck.

Roy Smith has a began moving his equipment here from his Cluny garage, which is being closed down for the present.

Don't forget the "Talented Ten" to be held at Carrie & Milroy's store Saturday afternoon, April 15, from 3 to 6 o'clock. There will be tea-cup reading.

Allan Yule motored to Calgary Thursday morning with his mother and sister.

Miss Bertha Griffith is a patient in the Barrano Hospital, having derived an operation for appendicitis last Tuesday.

Mrs. Corbett is in Calgary this week visiting with her daughter, Mrs. Blunden.

A. M. Mahoney and Mr. Black, of Clonville, were visitors in Barrano last Monday.

Mr. and Mrs. E. J. Bell and son Bruce, of Hinton, were callers in Barrano last Saturday.

THE PICTURES

Buster Keaton, frozen-faced comedian, returns to screen with the tricks of the Keaton of the old silent days, embosoms them with the modern methods of the "talkies," and gives one of the most complete performances of his career in "Sidelwinds of New York," his latest Metro-Goldwyn-Mayer hit.

Playing at the Orpheum Theatre on Friday and Saturday nights of this week, April 15 and 16.

When the talkies came, many people missed some of the older actors of Buster. Speech seemed to call for a new method of getting laughs.

But when the silent picture he evidently went down into his bag of tricks, picked out the one he could adapt, and as a result goes through a whirlwind series of adventures, situations, spills and mishaps that are a steady laugh to an audience.

Buster plays a millionaire's son who tries to be a "big brother" to tough-tongued youngsters who don't take him seriously.

The trouble they lead him through was all his own making. He then a gangster gets on his trail. There are side-splitting chase, thrills, an uproarious boxing match, and young riot in a gymnasium and other comicalities galore.

Anita Page, who played opposite Buster in "Free and Easy," is the heroine, as the loveliest girl with whom he falls in love. She is easy on the eye and has a winning smile.

Cliff Edwards appears as Poggie, the valet, and contributes comedy to the bit in "Dough Boys." A juvenile discovery is Norman Phillips, Jr., who proves himself a splendid little actor as Clipper, the tough youngster.

A Stan Laurel and Oliver Hardy comedy of three reels, "The Big," was also in the program last week. Friday and Saturday next "Kiss Me Again," a First National Quipster starring Bernice Claire.

KNOX PRESBYTERIAN CHURCH

Rev. P. C. McCarne, Minister

"The Church Where Everybody Feels at Home."

Sunday, April 17, 1932

11 a.m.—Sunday School.
